Totom Pole Signage Proposal - Scale 1:25

Background:

Back to back ACM pans on a steel support frame mounted onto threaded rods of existing steel ground cage that is already on site below ground level.

Sign panels wrapped in grey 7016 RAL self adhesive. With 8 back illuminated frames for tennant names / logos.

Lettering:

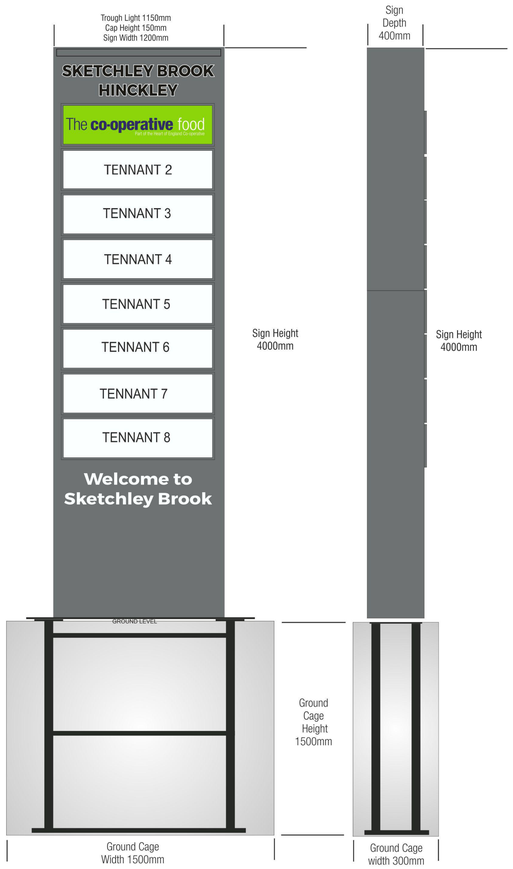
Printed vinyl graphics / logos applied direct to the opal panels within the metal tennant frames for easy changing.

Illumination:

Low energy LED trough light to top of pole to illuminate centre name and 8 led illuminated frames with tennant logo panels.

Ground Cage:

Please note that the ground cage is existing as shown in picture to the right.



EXISTING GROUND CAGE

CLIENT: Heart of England Co-operative.
