Attachments: 09-00780-FUL-DischargeRossendaleRoad.doc

Good morning Jon,

As per my previous email I attach a copy of the updated conditions discharge response for the above planning permissions. In order to discharge the conditions the development shall be carried out in accordance with the approved details. The condition in respect of the construction traffic routing information remains outstanding. A map/plan showing the route should be submitted for consultation with the Highway Authority.

Kind regards

Richard Wright

Hi Jon,

I acknowledge receipt of your email and apologise for the delay in being able to respond to the discharge of conditions information submitted by Sean Wilson.

I hope to be in a position to do so early next week. One point I would make is in relation to the condition requiring the proposed route of all construction traffic to the site be agreed and I don't appear to have this information. Presumably it was from the Earl Shilton By Pass/A47 and along Rossendale Road rather than using Station Road or other surrounding residential areas?

I look forward to receiving this information as well.

Kind regards

Richard Wright

F.A.O Mr Richard Wright
Could you please advise if the planning conditions for the above site have been discharged as requested in our letters of 17th Dec. 2009 and 8th Jan 2010, copies of which are attached.
Should you have any queries with regards the above please do not hesitate to contact myself.
As the site is near completion a quick response would be greatly appreciated.

Kind regards,

Jon Plimmer
