Comments:
All three Oaks appear to be healthy and of normal vigour. Minor dead branches are present which is normal for Oaks of this age. Such dead branches can be pruned out and would be exempt from the need to submit a formal application.

The three trees do dominate the rear gardens and therefore some pruning of live branches on the south side is a reasonable request.

Pruning proposals for T1 and T2 are clear, achievable and acceptable. The proposed removal of "three lowest branches overhanging no.46" is less clear but crown lifting over the gardens to a height of 6m. would be acceptable.

I understand that Jelson Homes who own the trees intend to submit an application to undertake work on the three Oaks themselves. I therefore suggest the applicant delays any work until their position is more clear.
