Description of Proposed Works

Please describe the proposed works

Due to my son being highly autistic we have decided to extend the property in order to gain an extra bedroom, so that he and his siblings will have their own space growing up. We will also gain a very much needed extra WC, a utility room and link the garage to the property for security and better access, rather than it be detached, which it is currently.

Granting us permission to extend would mean we could stay where we are and not disrupt my son. I do not believe he could handle us moving house due to his regulatory needs and transitioning challenges

Has the work already been started without consent?

This is subject to exemptions, an exemption applies in relation to planning permission for a development which is the subject of a householder application, within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order (2015)*.
