Hi Gemma,

Reference: HMS912309

Footpath T55, Sutton Cheney

Your application for a public right of way closure has been approved from 1st September 2023 to 20th November 2023.

Advance warning boards will need to go out 2 weeks prior to the footpath closure on 1st September 2023.

Signing / Guarding as per Chapter 8 and Safety at Street Works and Road Works code of practice.

At both ends of the closure a copy of the TTRO notice and a plan showing the closure and diversion must be displayed. We will send you a copy of the notice for display approx 2 weeks before the order starts. Please also display the permit number: HMS912309 and the company name and contact details.

Please contact us to let us know when you actually start work on site and when the work has finished, we can then update our records accordingly.

If you require any further details, please do not hesitate to contact me.

Thanks

Kind Regards

Kathleen Cullen
