

Remaining Information Required

Information Board

At the entrance of the country park a sign will be placed which details the name of the park, management details and contact information along with an overall plan of the park. See example below of information on the board:

Brass Rubbing Posts

The site will have a total of 8 rubbing posts, these will be in the following POS areas:

- Near plot 13
- Adjacent to the LEAP
- Opposite plots 91 and 92
- Near plots 133/155/119,
- Near 115
- Between plots 128/126
- Adjacent to the southwestern play on the way area
- Adjacent to the southeastern play on the way area.

Each posts are to be different and a mix of animals, insects and tree species. The information board, mentioned above, will explain the brass rubbing posts and their locations. The following images are examples of the rubbing posts.

Play Area Signage

The LEAP will have a sign by each entrance and others strategically placed near the play on the ways which details the contact details for the management and maintenance (Email and contact numbers). See example below:

Implementation Schedule

All hard and soft landscaping to be completed and available for use prior to 75% occupation. The plan in Appendix 1 of this document details the schedule of implementation of POS phases.

Phase 1: prior to 1st Occupation

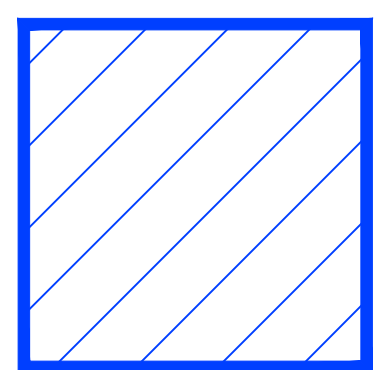

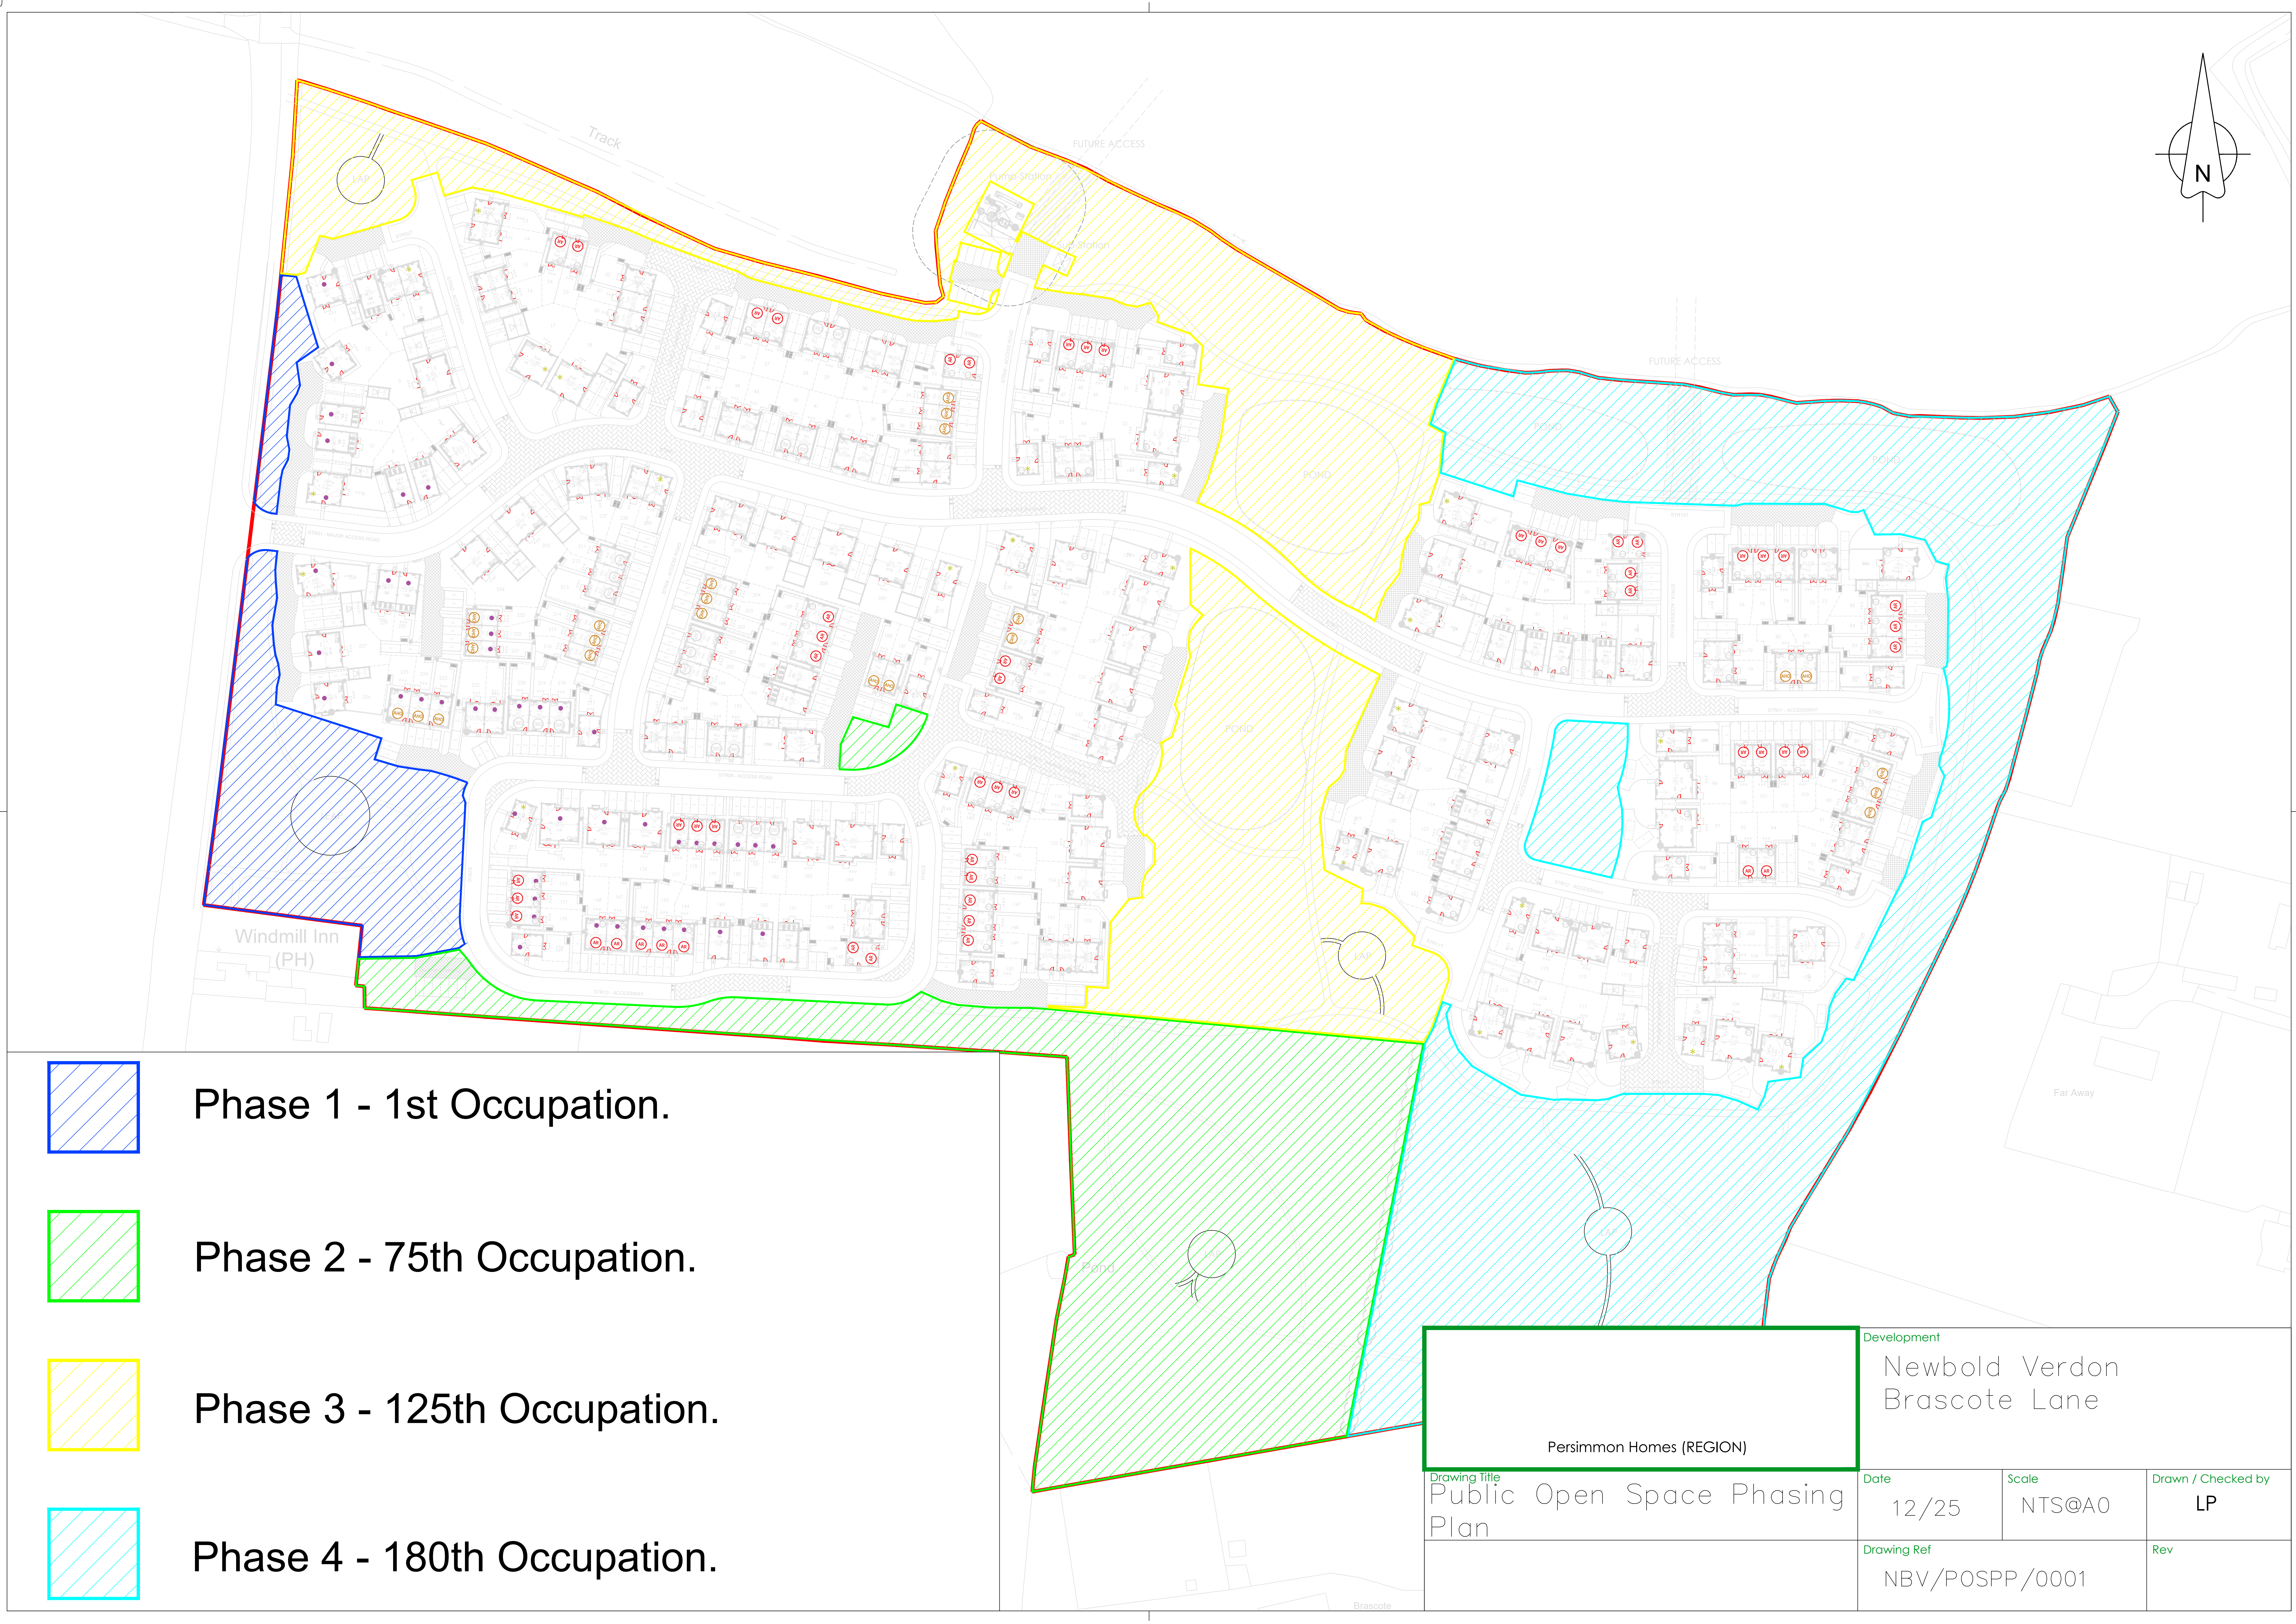

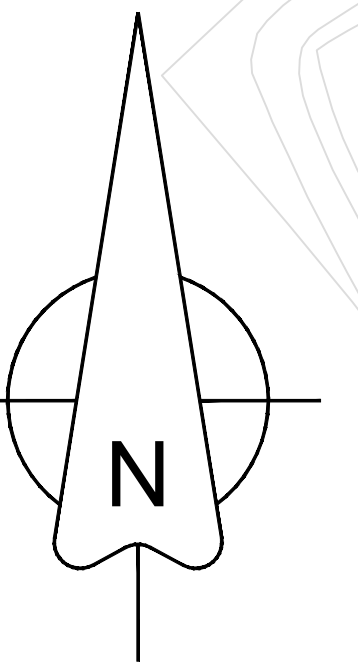

Phase 2: prior to 75th Occupation

Phase 3: prior to 125th Occupation

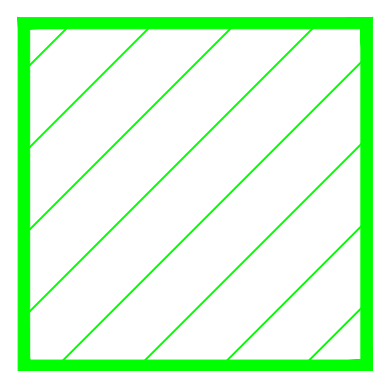

Phase 4: prior to 180th Occupation

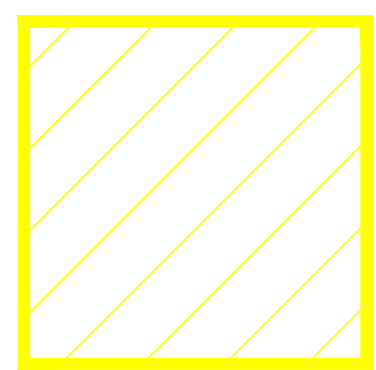

Appendix 1: POS Phasing Plan

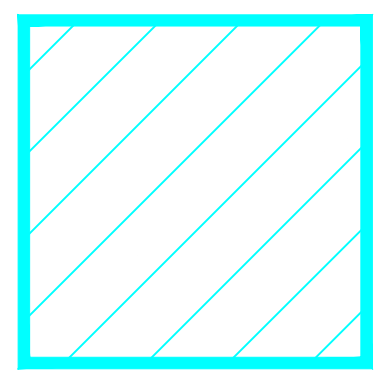

Phase 1 - 1st Occupation.

Phase 2 - 75th Occupation.

Phase 3 - 125th Occupation.

Phase 4 - 180th Occupation.
