Proposed Demolition Works

Please describe the building(s) to be demolished

Control tower

Please state the reasons why demolition needs to take place

To enable the continued development of the proving ground at MIRA.

Please describe the proposed method of demolition

The building will be demolished in February 2024. Asbestos will be removed by a certified contractor, in line with the asbestos demolition survey, and disposed of as hazardous material. All other associated material will be recycled on-site at MIRA's recycling centre for use in the foundations of other construction projects on site.

How and where would spoil/rubble be disposed of?
