

Introducing the G:Room Pod!

The G:Room pod range is our incredible range of pet grooming rooms suitable for every budget!

Here's just a few of the benefits...

- Handmade onsite from our own Revolutionary composite panel.
- Zero maintenance required & completely rot free.
- **Provide unrivalled levels of insulation, sound proofing and are completely waterproof.**
- 10 Year Build Warranty.
- An expected panel life span of over 100+ years!
- No concrete foundations required - just a solid level base.
- **Never normally require any Planning permission due to their size and portability.**
- Fully Double Glazed with a wide choice of door options available.
- Unique white gloss "Wet Room" interior with a waterproof sealed floor and a full interior texture free wipe clean finish that can be completely hosed or jet washed out.
- Zero joins due to one piece panel walls for maximum strength, portability, weather proofing and longevity.
- Completely self contained and simply plug into the mains electric via the 25m cable for a standard 16amp electric circuit (or upgrade to 64amp if more power is required), and plug your hose pipe onto the outside hose lock provided for the water supply. If a hose pipe is not available we can install interior fresh water tanks and external waste water tanks.
- **Fully portable and can be moved an unlimited amount of times.**
- Wet Pets are fully FCA regulated and Finance can be arranged on all sizes and conversions.
- Each g:room is fully customisable to your garden in terms of size and the water in/out and electric ports tailored to fit your garden.
- Unlimited external finishes available, from standard white GRP to Treated wood cladding or our brand new Wood Effect fibre glass cladding that looks just like wood but will never age or require maintenance.
- Can be supplied as building only or fully kitted out with unlimited extras - we can even for your own equipment for you!

- Assistance can be provided with delivery, we work with local delivery companies who we can put you in touch with for a quotation or you are welcome to organise your own transport.
