> Just a thought I've had in regard to the relevance of my application to uplift the condition to 'Independent Living' which would intimate that any occupant can live totally independently of 'Meadowside Cottage'

> Surely this is not relevant in this case as it is not possible for any occupant to live totally independently, due to all services and amenities being connected to my main residence ?
> Also; Please can it be noted that the person in question requesting to rent this accommodation works in Sheepy and has no form of transport. He is totally reliant on work colleagues for transport into the village. By living locally he would be self sufficient in being able to walk to his place of work.
