Dear Sirs,

Ref 08/00274/TPOCA

I refer to your letter of 19th March.

Please find enclosed the following:

- Map showing the location of the property on Leicester Road
- Detailed plan showing tree locations relative to the property and neighbouring properties
- Pictures showing the trees relative to the property

There is some internal cracking visible on the property, which has been caused by these trees. As the property is one of the oldest in the village (over 100 years old), I would like to prevent further damage occurring.

The trees are set well back from the road and their removal will not detract form the aesthetics of the village. When building work is completed at the old school house, the front of the property will be landscaped, further improving the aesthetics of the area.

I trust you are now able to confirm the removal of the trees in order that this may be done before nesting season.

If you have any further questions or concerns, please contact me.

Yours faithfully,

David Gee
