Part II - Particulars of decision

I write further to your recent application under Part 6 of Schedule 2 of the Town and Country Planning (General Permitted Development) (England) Order 2015 for prior approval with respect to the above proposal.

It has not been demonstrated that the proposal is located on agricultural land. The application site is partly located on an area of land falling within the approved boundary for the secure dog walking paddock. It is therefore considered that the proposal does not constitute development permitted under the provision of Part 6 of Schedule 6 of the Town and Country Planning (General Permitted Development) (England) Order 2015 (As amended).

It is hereby confirmed that the Council's **prior approval is refused**.

The proposed change of use cannot therefore take place under Part 6 of Schedule 2 of the Town and Country Planning (General Permitted Development) (England) Order and the application for prior notification is refused.
