Dear Denise

Further to your email.

1. Fee will be deposited by applicant in next couple of days.

2. I appreciate that this would be the procedure for any new application for extension however this is an application to vary an existing permission 06/01023/FUL, and the proposed variations will not impact on biodiversity/ecology of the site to any greater degree than that already approved. Please see accompanying letter concerning additional windows and accommodation within roof.

3. Size and proximity and species of tree will be put on P02 but the principal footprint of approval 06/01023/FUL has been built and impact has been scrutinized by Building Control.

Regards
Jonathan
