

Biodiversity gain plan

Submit a biodiversity gain plan to show how your development will achieve biodiversity net gain.

When to use this form

A biodiversity gain plan shows how a development will achieve 10% biodiversity net gain (BNG). Submit this form to your local planning authority after they approve your planning application.

Unless your development is exempt, you cannot start the development until the LPA approves your biodiversity gain plan and biodiversity metric calculation tool.

1. Submission details

1.1 Date

For example, 3/11/2023

05/01/2026

1.2 Planning application reference number

25/00175/FUL

1.3 Local planning authority (LPA)

Hinckley & Bosworth

1.4 Development site address

If the site does not have an address, enter the OS grid reference.

Land to the rear of 39 Station Road Desford, Leicestershire, LE9 9QX

1.5 Describe the development

Tell us about the proposed development and any changes of use (250 words).

The development consists of a new three bedroom 1.5 story detached dwelling the associated landscaping and access alterations. Current use is residential garden.

2. Developer details

2.1 Applicant name

Mr Gary Warren

2.2 Company Name

Invictus Universal Ltd

2.3 Address

Valley View Station Road Desford Leicestershire LE9 9QX

2.4 Email address

invicta.u@btconnect.com

2.5 Telephone number

01530230949

2.6 Declaration

By signing this declaration, you confirm that the information you give is complete and correct. Any opinions are your genuine opinions.

2.7 Signature

Mr Gary Warren

2.8 Date

05/01/2026

3. Responsible person details

Tell us about who is responsible for completing the biodiversity gain plan.
For example, a consultancy ecologist or planning agent.

3.1 Name

Miss Sarah Mickowski

3.2 Company name

SMARTECH Design

3.3 Address

15 Flint Drive Asfordby Melton Mowbray Leicestershire LE14 3UH

3.4 Email address

sarah@smartechdesign.co.uk

3.5 Telephone number

07723185746

3.6 Declaration

By signing this declaration, you confirm that the information you give is complete and correct. Any opinions are your genuine opinions.

3.7 Signature

Miss Sarah Mickowski

3.8 Date

05/01/2026

4. Biodiversity net gain strategy

4.1 Is the relevant date for the pre-development biodiversity value the same date as the planning application?

☒ Yes

☐ No

4.2 If no, what earlier date did you agree with the LPA?

4.3 How have you met 'what counts towards your BNG'?

[Find out what you can count towards a development's BNG](#)

I am not using the habitat creation, enhancement, or offsite purchases in any other scheme

4.4 How will you avoid or minimise impacts to habitats?

Tell us about the steps you've taken on-site, including to avoid or minimise the impact on irreplaceable habitats.

All intended works have been determined following careful consideration of the opportunities to avoid and minimise a negative impact on habitats. While the small nature of the site requires some non-zero-rated habitats to be impacted, no habitat rated higher than "moderate" is affected by the development. As per the trading rules, lost habitats are being replaced on a like-for-like or like-for-better basis as set out in the metric sheet.

4.5 Did you use your local nature recovery strategy to inform the strategic significance of habitats?

This includes other specified strategies if you do not have a local nature recovery strategy.

☐ Yes

☒ No

4.6 How will you achieve the target net gain percentage?

- ☒ On-site
- ☐ Off-site
- ☐ Both-site

4.7 Are any of your on-site enhancements considered 'significant'?

[Find out what counts as a significant on-site enhancement.](#)

- ☒ Yes
- ☐ No

4.8 If yes, tell us about the significant on-site enhancements

Include the appropriate planning condition or how you've secured the habitat.

Neutral grassland, biodiverse green roof, lines of native hedgerow and trees, all are of medium distinctiveness. These are detailed within the CEMP, HMMP and Metric. The grassland species list is within the HMMP. The green roof specification is within the HMMP. The hedgerow species list is within the HMMP. The list of proposed trees is within the HMMP. The enhancement / creation will be secured via a section 106 agreement using a 30 year management and monitoring plan, as detailed within the HMMP. Monitoring reports are to be produced and submitted to the local authority at the following intervals; Y1, Y2, Y3, Y4, Y5, Y10, Y15, Y20, Y25 and Y30. All in accordance with the submitted HMMP. For the trees and native hedgerow, these are to be undertaken between April & September. For the biodiverse green roof and neutral grassland, these are to be undertaken between May and August.

4.9 If no, how many off-site biodiversity units do you need to meet 10% net gain?

4.10 Explain why you're using off-site biodiversity units

Only answer this question if you're planning to use off-site biodiversity units (250 words).

4.11 Explain why you're planning to use statutory biodiversity credits

Only answer this question if you're planning to use statutory biodiversity credits (250 words).

4.12 Do you have a habitat management and monitoring plan?

☒ Yes

☐ No

4.13 Have you used the statutory biodiversity metric tool?

☒ Yes

☐ No

4.14 Biodiversity metric calculation

Send your biodiversity metric calculation to the LPA and enter the file name

New Detached Dwelling 39 Station Road
Desford_SSM_c7b6_metric.xlsx

4.15 Condition assessments

Send your condition assessments to the LPA and enter the file name.

N/A - Small Site Metric Used

4.16 Pre-development habitat survey report and map

Send your baseline habitat survey report and map to the LPA. Enter the file name.

See BGP File's Annex in Map's Report

4.17 Post-development habitat map or landscape plan

Send your post-development habitat survey report and map to the LPA.
Enter the file name.

See BGP File's Annex in Map's Report

4.18 Have you included an approved habitat degradation in the baseline?

If yes, include the relevant consenting body and reference number.

☐ Yes

☒ No

Consenting body

Reference number

5. Irreplaceable habitats

5.1 Does the development impact any irreplaceable habitats?

If yes, tell us if you've submitted an approved compensation plan.

☐ Yes

☒ No

5.2 Have you submitted an approved compensation plan?

☐ Yes

☐ No

6. On-site habitat enhancements

Answer this section if your development includes on-site habitat enhancements.

6.1 Survey date

For example, 3/11/2023

11/10/2024

6.2 Survey constraints

For example, access issues, weather, or seasonal constraints.

N/A

6.3 Total pre-development biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

2.4553

Number of hedgerow biodiversity units

0.5743

Number of watercourse biodiversity units

0

6.4 Total post-development biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

2.8333

Number of hedgerow biodiversity units

0.8532

Number of watercourse biodiversity units

0

6.5 Total net change in biodiversity units

Enter the number from the headline results in your statutory biodiversity metric calculation.

Area habitat biodiversity units

0.3780

Area habitat biodiversity units % change

15.4

Hedgerow biodiversity units

0.2789

Hedgerow biodiversity units % change

48.56

Watercourse biodiversity units

0.0000

Watercourse biodiversity units % change

0

6.6 Will you register and allocate any biodiversity units from your site to other developments?

If yes or provisionally, give details.

☐ Yes

☒ No

6.7 Give details

Tell us about the amount of biodiversity units and the development location (250 words).

N/A

7. Off-site habitat enhancements

Answer this section if your development includes off-site habitat enhancements.

7.1 Tell us about the off-site habitat enhancements

Include whether you're delivering the off-site enhancements or buying biodiversity units.

7.2 Biodiversity gain site register reference number

7.3 How have you secured the off-site habitat enhancements?

Tell us about any responsible bodies and whether you've used an S106 or conservation covenant.

7.4 Total pre-development biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

Number of hedgerow biodiversity units

Number of watercourse biodiversity units

7.5 Total post-development biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

Number of hedgerow biodiversity units

Number of watercourse biodiversity units

7.6 Total net change in biodiversity units

Enter the number from the headline results in your statutory biodiversity metric calculation.

Area habitat biodiversity units

Area habitat biodiversity units % change

Hedgerow biodiversity units

Hedgerow biodiversity units % change

Watercourse biodiversity units

Watercourse biodiversity units % change

8. Statutory biodiversity credits

Answer this section if you need to use statutory biodiversity credits.

8.1 Do you need to use statutory biodiversity credits?

☐ Yes

☒ No

8.2 How many statutory biodiversity credits do you need?

Tell us the unit shortfall by tier, including the spatial risk multiplier. Enter the number from the headline results in your statutory biodiversity metric calculation.
