REASON FOR RECOMMENDATION:	
- We have reviewed the above document as well as 'Proposed Elevations Drg No. 326 PL-05B' (LFA, Mar 2026) & 'Proposed Floor Plans, Drg No. 326 PL-04A' (LFA, Mar 2026). - We have no objection to the non-material amendments regarding the inclusion of a double door to rear elevation. - However, while the Non-Material Amendment suggests changes to the bat & nesting bird method statement, the applicant is reminded that Condition 4 (bat and nesting bird Method Statement) has not been discharged and is a pre-commencement condition. - When Condition 4 is brought forward for discharge, it is recommended that the bat & nesting bird method statement be altered to include a toolbox talk to avoid intentionally or recklessly obstructing access to a roost. The Method Statement also needs to include the responsible person overseeing sensitive works.
