Dear Sir or Madam,

Please find enclosed plans and cheque as requested for the above property. May I add, had we known we would need planning permission, we would have applied at the time we applied for the extension. The flat roof has been built for over five years. We had no intention of upsetting our neighbours, in fact, many of them have commented on how nice it looks. We are just trying to improve our property! We are not going to use it for wild parties, just some pretty plants and flowers. Having the railings up there is not only to look nice, there is also the safety aspect. It doesn't really overlook any of the neighbouring properties. It has cost us a lot of money and I think it looks very unusual. It was never our intention to upset anyone.

Yours sincerely,

P Carter
