(2 MB)

Louise,

Further to my earlier e-mail, please find attached the submitted Written Scheme of Investigation relating to Condition 4 of planning permission 09/00324/FUL. I'm happy for the archaeological work to be undertaken in accordance with this document, although we would not recommend full discharge of the condition until the investigation has been completed and acceptable reports and archive have been deposited. This work should be undertaken in advance of groundworks commencing on the site.

Regards,

Teresa
