Substantive Response provided in accordance with article 22(5) of The Town and Country Planning (Development Management Procedure) (England) Order 2015:

The submitted application form states no additional employees would be recruited because of the proposals. In addition, the submitted Planning Statement details the proposals will have no impact on traffic entering the site and no impact on parking provision within the site.

Based on this evidence, and given the scale / nature of the proposed building there would appear to be no material impact on the public highway and therefore the Local Highway Authority has no further comments to make.
