

## Parking Provision

The carpark directly behind the unit holds upto 7 cars and upto 4 designated spaces around the side of the building. Access to both is gained on the High street at the side of the building.

The photo below shows the carpark (indicated in red). There is enough room for turning and manourering safely. We have 4 spaces which are soley for use by our customers located on the side of the building, the rest of the carpark is shared.

There is also a public carpark on the opposite side of the front of building on the High Street, offering space for around 30 cars, with 8 electric point parking.
