Part I - Particulars of Application

Date of Application	**Application No.**
14 October 2011	11/00740/FUL

Particulars and location of development :

DEMOLITION OF EXISTING DWELLING AND ERECTION OF TWO DWELLINGS

Treetops Barton Road Carlton Nuneaton Leicestershire

Part II - Particulars of decision

Summary of Reasons for Recommendation and Relevant Development Plan Policies :

Having regard to the pattern of existing development in the area, representations received and relevant provisions of the development plan, as summarised below, it is considered that subject to compliance with the conditions attached to this permission, the proposed development by virtue of its siting, scale, mass and design would not detrimentally impact on the amenities of neighbouring residents, the character and appearance of the street scene or highway safety and would be in accordance with the development plan.
Hinckley & Bosworth Borough Council Local Plan (2001) :- BE1, NE5, RES5, NE14
Core Strategy (2009):- Policy 13 , Policy 16

In pursuance of its powers under the Town and Country Planning Act 1990, the Hinckley and Bosworth Borough Council grants permission for the carrying out of the development referred to in Part I hereof in accordance with the application form and plans submitted, subject to the following conditions :-

1. The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

2. The development hereby permitted shall not be carried out otherwise than in complete accordance with the submitted application details, as follows: Drg Refs:- 10025-02F, 10025-03H, 10025-06b received by the Local Planning Authority on the 4.1.2012

3. Before any development commences, representative samples of the types and colours of materials to be used on the external elevations of the proposed dwellings shall be deposited with and approved in writing by the Local Planning Authority, and the scheme shall be implemented in accordance with those approved materials.

IMPORTANT - PLEASE READ THE NOTES AT THE END OF THIS DOCUMENT

4. No development shall commence on site until such time as the existing and proposed ground levels of the site, and proposed finished floor levels have been submitted to and agreed in writing by the Local Planning Authority. The approved proposed ground levels and finished floor levels shall then be implemented in accordance with the approved details.

5. Prior to commencement of development, drainage details, incorporating sustainable drainage principles, an assessment of the hydrological and hydro geological context of the development and implementation, shall be submitted to and approved in writing by the Local Planning Authority. The approved scheme shall subsequently be implemented in accordance with the approved details prior to the first occupation of either unit and be maintained as approved thereafter.

6. Prior to commencement details of the boundary treatment shall be submitted to and agreed in writing by the Local Planning Authority. The approved scheme shall then be implemented as approved prior to the first occupation of either unit and be maintained as approved thereafter.

The reasons for the conditions are :-

1. To comply with the requirements of Section 51 of the Planning and Compulsory Purchase Act 2004.

2. For the avoidance of doubt and in the interests of proper planning

3. In the interests of visual amenity and to safeguard the character of the area. To comply with policy BE1 of the adopted Hinckley and Bosworth Local Plan.

4. In the interests of visual and residential amenity in accordance with policy BE1 of the adopted Hinckley and Bosworth Local Plan.

5. To ensure there is an adequate method of surface water drainage in accordance with policy NE14 of the adopted Hinckley and Bosworth Local Plan.

6. In the interests of visual amenity in accordance with Policy BE1 of the adopted Hinckley and Bosworth Local Plan.

NOTES TO APPLICANT :-

1. Bats, nesting birds, great crested newts and certain other species are protected by law. If any such species are discovered before or during the works the works must be suspended and the local office of Natural England contacted for advice.

2. This permission does not grant approval under the Building Act 1984 and the Building Regulations 2000 (as amended) for which a separate application may be required. You are advised to contact the Building Control Section.

3. As from 6 April 2008 this Authority are charging for the discharge of conditions in accordance with revised fee regulations which came into force on that date. Application forms to discharge conditions and further information can be found on the planning portal web site www.planningportal.gov.uk.

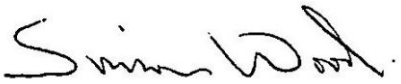

4. All works within the limits of the Highway with regard to the access shall be carried out to the satisfaction of the Southern Area Manager (0116 3052202).

5. The applicant should be aware of the recommendations within section 6 of the Ecology Report (Gibney - August 2011)

6. Surface water should be managed by sustainable methods, preferably those which disperse runoff by infiltration into the ground strata: i.e. soakaways, pervious paving, filter drains, swales, etc. and the minimisation of paved area, subject to satisfactory porosity test results and the site being free from a contaminated ground legacy. If the ground strata are insufficiently permeable to avoid the necessity of discharging some surface water off-site, flow attenuation methods should be employed, either alone or, if practicable, in combination with infiltration systems and/or rainwater harvesting systems.

   Access drives, parking and turning areas, paths and patios should be constructed in a permeable paving system, with or without attenuation storage, depending on ground strata permeability. On low-permeability sites surface water dispersal may be augmented by piped land drains, installed in the

foundations of the paving, discharging to an approved outlet (See Environment Agency guidance on the permeable surfacing of front gardens).

Date : 6 January 2012

HEAD OF PLANNING

NOTES

1. It will be most helpful if the application number shown overleaf is quoted in all correspondence.

2. If you consider that this decision has been made invalidly through the Council failing to follow a procedure correctly, not having the legal power to make the decision in the way it did or through its decision being so unreasonable as no reasonable local authority would make the same decision based on the same facts, then you may enter a claim for judicial review to quash the decision. In order to proceed with a claim for judicial review an initial application for permission will need to be made to the Administrative Court, this application is required to be made "promptly and in any event within three months of the decision". The initial permission application will decide if you have an arguable case, whether you are sufficiently materially affected by the decision to bring the claim. If you are granted permission to bring the claim it will proceed to a full hearing at the Administrative Court. Although there is no requirement for you to do so it is highly recommended that you seek independent legal advice before bringing forward a claim for Judicial Review.

3. If the applicant is aggrieved by the decision of the Local Planning Authority to grant permission subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with Section 78 of the Town and Country Planning Act 1990 within six months (see para 2a below) of the date of this notice. (Appeals must be made on a form which is obtainable from the Planning Inspectorate, Room 305(K), Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN, by telephoning 0117 372 6372 or online at www.planningportal.gov.uk/planning/appeals/). You must use a Planning Appeal Form when making your appeal. If requesting forms from the Planning Inspectorate, please state the appeal form you require. The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that the permission for the proposed development could not have been granted by the Local Planning Authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements as set out in Section 78 of the Town and Country Planning Act 1990, to the provisions of the development order, and to the directions given under the order. He does not in practice refuse to entertain appeals solely because the decision by the Local Planning Authority was based on a direction given by him. Appeals- new time rules. Appeals relating to applications made to the Local Planning Authority on, or after, 5th September 2003 must be made within six months of the date of this notice.

4. If permission to develop land is granted subject to conditions, whether by the Local Planning Authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council a purchase notice requiring that Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

5. In certain circumstances, a claim may be made against the Local Planning Authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.

6. This permission covers only consent under the Town and Country Planning Acts and does not give permission to demolish a Listed Building, for which separate consent is required. Amongst other things the consent of the Council of the district in which the land is situated may be required under the Building Regulations and if the proposals affect land within the limits of the highway (that is between the highway fences or hedges) the separate consent of the Highway Authority may also be required. Steps to obtain the necessary further consents should be taken before proceeding with the development.

SHOPS, OFFICES, FACTORIES, EDUCATIONAL BUILDINGS & BUILDINGS TO WHICH THE PUBLIC ARE TO BE ADMITTED : ACCESS AND PROVISION FOR THE DISABLED PERSONS

1 The Local Planning Authority is required to bring to your attention the requirements of the Disabled Persons 1981, Building Regulations 1991 "Access and facilities for Disabled People" document M and the Chronically Sick & Disabled Act 1970 (as amended 1976) (Sections 4.7.8 and 8A) requiring the provision of access facilities, car parking and toilets for the disabled and the provision of signing indicating what provision has been made for disabled persons within the building. Your attention is also drawn to the Code of Practice B.S 5619 "Design of Housing for the convenience of Disabled People", 1978 and Code of Practice, B.S. 5810 : 1979, "Access for the Disabled to buildings" available from the British Standards Institution, 2 Park Street, London W1A 2BS. (Tel 071-629-9000) and (in so far as educational buildings are concerned), to Design Note 18 "Access for the Physically Disabled to Educational Buildings."

2 The buildings to which these requirements apply are :-

a) Buildings to which the public are to be admitted to which Section 4 of the Chronically Sick & Disabled Act 1970 (as amended 1976) applies.

b) Offices, Shops & Railway Premises as defined in the Offices, Shops & Railway Premises Act 1963 or premises deemed to fall within the Act.

c) Factories as defined by Section 175 of the Factories Act 1961.
Educational Buildings as defined by Section 29B of the Disabled Persons Act 1981.
