Comments:

Having reviewed the amended trial trenching report (submitted 26/11/2025), I can confirm that no additional archaeological involvement will be required. I note the report includes a commitment to OASIS reporting with the Archaeological Data Service (ADS) and an accession number for the Leicestershire Museums Service (LMS). The latter is supported by a description of the archive content and a note stating the intention to deposit the paper (LMS) and digital archive (LMS/ADS) in accordance with professional standards. These provisions are in accordance with

the planning requirements and the approved Written Scheme of Investigation.

Should you have any further queries please do not hesitate to contact me.

Kind Regards,

William
