Edit

3rd December 2017

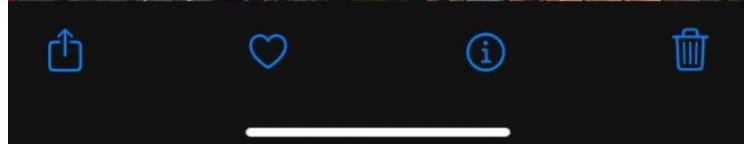

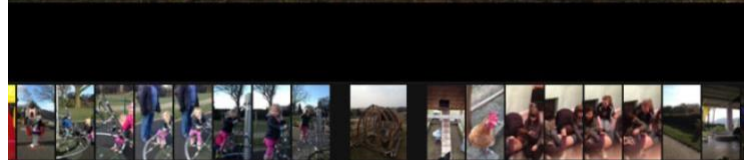

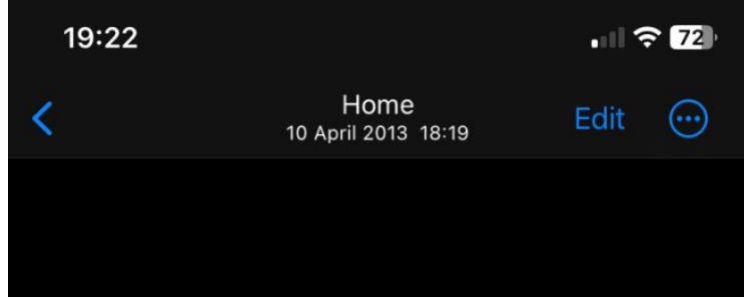

This photo shows that there is no difference between the land next to the house and the land right at the bottom in terms of how it is being maintained and used.

21st March 2021

The photo to the right of fence showing the wheelbarrow and evidence that it is being maintained as garden. In addition the border fence needed repairing and this has been completed since the photo was taken.

10th April 2013

Photo showing a large
chicken hut on the land.

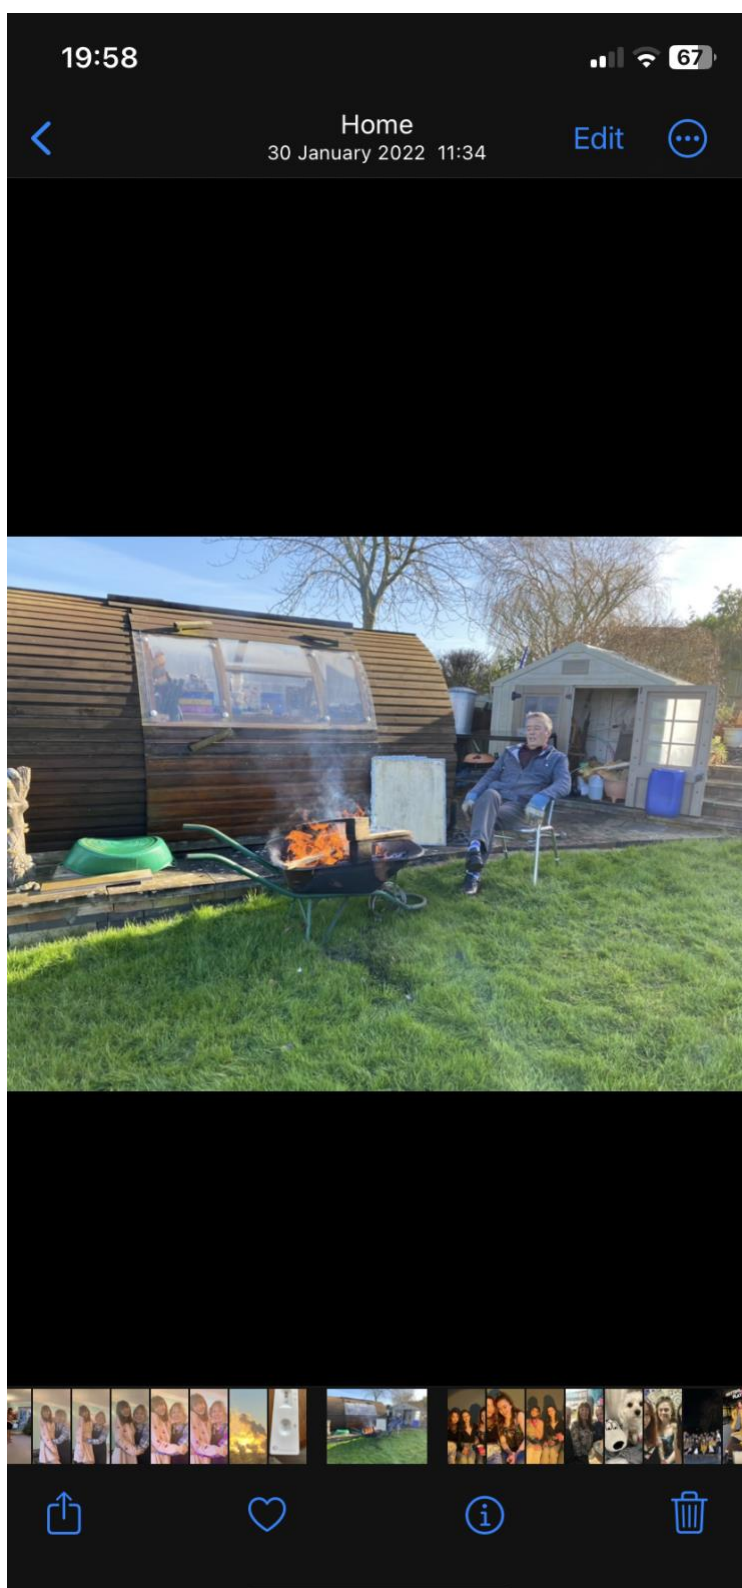

20th May 2018

Photo showing the land
being mowed with a
robotic lawnmower.

13th August 2021

Photo clearly showing
mature landscaping of
trees towards the
bottom of the land.

30th January 2022

Photo clearly showing
summer house and
shed on the land.
