Subject: RE: 24/00790/P14J- Installation of Solar PV panels installed flush with the roof sheet

Hi David,

Thanks for coming back on this.

There will be 992 x JA Solar 540 Watt panels, installed as in the attached. I have also attached the specification document for the PV panels we are using (2.279 m x 1.134 m and 3.5 cm depth). They will be installed 3.2 metres from the Northern roof edge and many metres away from the East, South and West roof edges.

If you require any further information please do not hesitate to reach out.

Thanks,

Anthony

You don't often get email from david.spring@hinckley-bosworth.gov.uk. [Learn why this is important](#)

Mr Maguire,

Please get back to me on my email below.

With thanks,

David Spring
Planning

Mr Maguire,

I hope you are well.

Would you mind please sending me some information on the solar panels themselves, their construct, their size, their number, their placement on the roof, how far from the edge they are etc? Determination date isn't until 11.10.2024 but we should get it done before that date for you all going well.

With thanks,

David Spring
Planning
