Part I - Particulars of Application

Date of Application

4 July 2024

Application No.

24/00665/CONDIT

Particulars and location of development :

Application to vary condition 2 on 24/00117/FUL. Amended site plan and design of units 1 and 2

Land South Of Bonita Bullfurlong Lane Burbage Hinckley

Part II - Particulars of decision

In dealing with the application, through ongoing negotiation the local planning authority have worked with the applicant in a positive and proactive manner by offering a pre-application advice service and by seeking solutions to problems arising in relation to dealing with the planning application and this has resulted in the approval of the application. The Local Planning Authority has therefore acted pro-actively to secure a sustainable form of development in line with the requirements of the National Planning Policy Framework (paragraph 38) and in accordance with the Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended).

In pursuance of its powers under the Town and Country Planning Act 1990, the Hinckley and Bosworth Borough Council grants permission for the carrying out of the development referred to in Part I hereof in accordance with the application form and plans submitted, subject to the following conditions :-

1. The development hereby permitted shall be begun before the expiration of three years from the date of the original planning permission 24/00117/FUL (07.06.2024).

Reason: To comply with the requirements of Section 91 of the Town and Country Planning Act 1990, as amended by the Planning and Compulsory Purchase Act 2004.

2. The development hereby permitted shall not be carried out otherwise than in complete accordance with the submitted application details, submitted to the Local Planning Authority as follows:

- Proposed Site Plan - Drg. No. ROC/813/PD/006M
- Unit 1 - Elevations and Floor Plans - Drg. No. ROC/813/PD/001H
- Unit 2 - Elevations and Floor Plans - Drg. No. ROC/813/PD/002H
- Unit 3 - Elevations and Floor Plans - Drg. No. ROC/813/PD/003F
- Unit 4 - Elevations and Floor Plans - Drg. No. ROC/813/PD/004G

IMPORTANT - PLEASE READ THE NOTES AT THE END OF THIS DOCUMENT

• Unit 5 - Elevations and Floor Plans - Drg. No. ROC/813/PD/005F

Reason: To ensure a satisfactory form of development in accordance with Policies DM1 and DM10 of the adopted Site Allocations and Development Management Policies Development Plan Document (2016) and Policy 2 of the Burbage Neighbourhood Plan (2021).

3. No development above foundation level shall commence on site until representative samples of the types and colours of materials to be used on the external elevations of the dwellings hereby permitted have been deposited with and approved in writing by the local planning authority, and the scheme shall be implemented in accordance with those approved materials.

Additionally, prior to the commencement of development above foundation level, details outlining:

- The brick manufacturer, bond and course
- The reveal depth and architectural detailing of windows and main door
- The colour and materials of rainwater goods

Shall be deposited with and approved in writing by the local planning authority, and the scheme shall be implemented in accordance with these approved details.

Reason: To ensure that the development has a satisfactory appearance in the interests of visual amenity in accordance with Policies DM10 of the adopted Site Allocations and Development Management Policies Development Plan Document (2016) and Policy 2 of the Burbage Neighbourhood Plan (2021).

4. No part of the development hereby permitted shall be occupied until such time as the access arrangements shown on Robert O'Callaghan Architects Drawing Number ROC1306M have been implemented in full.

Reason: To ensure that vehicles entering and leaving the site may pass each other clear of the highway, in a slow and controlled manner, in the interests of general highway safety and in accordance with Policy DM17 of the adopted Site Allocations and Development Management Policies Development Plan Document (2016) and the National Planning Policy Framework (December 2023).

5. The development hereby permitted shall not be occupied until such time as the parking and turning facilities have been implemented in accordance with Robert O'Callaghan Architects Drawing Number ROC1306M. Thereafter the onsite parking provision shall be so maintained in perpetuity.

Reason: To ensure that adequate off-street parking provision is made to reduce the possibility of the proposed development leading to on-street parking problems locally (and to enable vehicles to enter and leave the site in a forward direction) in the interests of highway safety and in accordance with Policy DM18 of the adopted Site Allocations and Development Management Policies Development Plan Document (2016) and the National Planning Policy Framework (2023).

6. Development shall not begin until surface water drainage details, incorporating sustainable drainage principles (SuDS) have been submitted to and approved by the Local Planning Authority (LPA), and the scheme shall subsequently be implemented in accordance with the approved details before the development is completed. Thereafter surface water shall not drain into the Public Highway and thereafter shall be so maintained.

Reason: To ensure that the development is provided with a satisfactory means of drainage, and to reduce the possibility of surface water from the site being deposited in the highway causing dangers to road users in accordance with Policies DM7 and DM17 of the adopted Site Allocations and Development Management Policies Development Plan Document (2016) and the National Planning Policy Framework (2023).

7. The development hereby permitted shall not be occupied until such time as the access drive (and any turning space) has been surfaced with tarmacadam, or similar hard bound material (not loose aggregate) for a distance of at least 10 metres behind the highway boundary and, once provided, shall be so maintained in perpetuity.

Reason: To reduce the possibility of deleterious material being deposited in the highway (loose stones etc.) in the interests of highway safety and in accordance with Policy DM17 of the adopted Site Allocations and Development Management Policies Development Plan Document (2016) and the National Planning Policy Framework (2023).

8. No development approved by this permission shall be commenced until a scheme for the investigation of any potential land contamination on the site has been submitted in writing to and agreed in writing by the Local Planning Authority which shall include details of how any contamination shall be dealt with. The approved scheme shall be implemented in accordance with the agreed details and any remediation works so approved shall be carried out prior to the site first being occupied.

Reason: To ensure that risks from land contamination to the future users of the land and neighbouring land are minimised in accordance with Policy DM7 of the adopted Site Allocations and Development Management Policies Development Plan Document (2016).

9. If during development, contamination not previously identified is found to be present at the site, no further development shall take place until an addendum to the scheme for the investigation of all potential land contamination is submitted in writing to and approved in writing by the Local Planning Authority which shall include details of how the unsuspected contamination shall be dealt with. Any remediation works so approved shall be carried out prior to the first dwelling being occupied.

Reason: To ensure that risks from land contamination to the future users of the land and neighbouring land are minimised in accordance with Policy DM7 of the adopted Site Allocations and Development Management Policies Development Plan Document (2016).

10. No development above foundation level shall take place until a scheme of hard and soft landscaping works, including boundary treatments, for the site, including an implementation scheme, has been submitted in writing to and approved in writing by the Local Planning Authority. The scheme shall be carried out in full accordance with the approved landscaping scheme. The soft landscaping scheme shall be maintained for a period of five years from the date of planting. During this period any trees or shrubs which die or are damaged, removed, or are seriously diseased shall be replaced by trees or shrubs of a similar size and species to those originally planted at which time shall be specified by the Local Planning Authority.

Reason: To ensure that the development has a satisfactory external appearance in accordance with Policies DM4 and DM10 of the adopted Site Allocations and Development Management Policies DPD (2016).

11. No development shall take place until a scheme makes adequate provision for waste and recycling storage of containers and collection across the site which has been submitted to and approved in writing to the Local Planning authority. The details should address accessibility to storage facilities and confirm adequate space is provided at the adopted highway boundary to store and service wheeled containers.

Reason: To ensure that bin storage on site is not detrimental to the street scene and overall design of the scheme in accordance with Policy DM10 of the adopted Site Allocations and Development Management Policies Development Plan Document (2016).

12. No development shall take place until a biodiversity enhancement scheme has been submitted to and approved in writing by the LPA. Enhancements shall include (but is not limited to) the incorporation of integrated bird and bat boxes into the new dwellings and native planting. Any enhancement measures need to be shown on all relevant submitted plans/elevations. All works are to proceed strictly in accordance with the approved scheme.

Reason: In the interests of protected wildlife species and their habitats in accordance with Policy DM6 of the adopted Site Allocations and Development Management Policies Development Plan Document (2016).

NOTES TO APPLICANT :-

1. In relation to conditions 8 and 9, advice from Environmental Health should be sought via esadmin@hinckley-boswoeth.gov.uk to ensure that any investigation of land contamination is in accordance with their policy.
2. Planning Permission does not give you approval to work on the public highway. Therefore, prior to carrying out any works on the public highway you must ensure all necessary licences/permits/agreements are in place. For further information, please telephone 0116 305 0001. It is an offence under Section 148 and Section 151 of the Highways Act 1980 to deposit mud on the public highway and therefore you should take every effort to prevent this occurring.

3. To erect temporary directional signage you must seek prior approval from the Local Highway Authority in the first instance (telephone 0116 305 0001).
4. Where soakaway drainage is initially proposed, the suitability of the ground strata for infiltration should be ascertained by means of the test described in BRE Digest 365 and the results submitted to the LPA before development is commenced, including calculations of soil infiltration rate and soakaway sizing to accommodate the 1 in 100 year rainfall event plus climate change allowance. If the ground strata proves unsuitable for infiltration, alternative SuDS proposals will require the further approval of the LPA before this condition can be discharged.
5. The approved development may require Building Regulations Approval, for further information please contact the Building Control team via e-mail at building.control@blaby.gov.uk or call 0116 272 7533.

C. Brown.

Christopher Brown MRTPI
Head of Planning

Date : 19 August 2024

NOTES

1. It will be most helpful if the application number shown overleaf is quoted in all correspondence.
2. If you consider that this decision has been made invalidly through the Council failing to follow a procedure correctly, not having the legal power to make the decision in the way it did or through its decision being so unreasonable as no reasonable local authority would make the same decision based on the same facts, then you may enter a claim for judicial review to quash the decision. In order to proceed with a claim for judicial review an initial application for permission will need to be made to the Administrative Court, this application is required to be made "promptly and in any event within three months of the decision". The initial permission application will decide if you have an arguable case, whether you are sufficiently materially affected by the decision to bring the claim. If you are granted permission to bring the claim it will proceed to a full hearing at the Administrative Court. Although there is no requirement for you to do so it is highly recommended that you seek independent legal advice before bringing forward a claim for Judicial Review.
3. If you are aggrieved by the decision of the Local Planning Authority to grant permission subject to conditions, you may appeal to the Secretary of State for the Environment in accordance with Section 78 of the Town and Country Planning Act 1990 within six months (see para 2a below) of the date of this notice. (Appeals must be made on a form which is obtainable from the Planning Inspectorate, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN, tel. 0303 444 5000 or online at <https://www.gov.uk/planning-inspectorate>). You must use a Planning Appeal Form when making your appeal. If requesting forms from the Planning Inspectorate, please state the appeal form you require. The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that the permission for the proposed development could not have been granted by the Local Planning Authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements as set out in Section 78 of the Town and Country Planning Act 1990, to the provisions of the development order, and to the directions given under the order. He does not in practice refuse to entertain appeals solely because the decision by the Local Planning Authority was based on a direction given by him. Appeals- new time rules. Appeals relating to applications made to the Local Planning Authority on, or after, 5th September 2003 must be made within six months of the date of this notice.
4. If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application then, you must do so in accordance with the guidance found using the following link <https://www.gov.uk/appeal-enforcement-notice>.
5. If permission to develop land is granted subject to conditions, whether by the Local Planning Authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council a purchase notice requiring that Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
6. In certain circumstances, a claim may be made against the Local Planning Authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.
7. This permission covers only consent under the Town and Country Planning Acts and does not give permission to demolish a Listed Building, for which separate consent is required. Amongst other things the consent of the Council of the district in which the land is situated may be required under the Building Regulations and if the proposals affect land within the limits of the highway (that is between the highway fences or hedges) the separate consent of the Highway Authority may also be required. Steps to obtain the necessary further consents should be taken before proceeding with the development.

SHOPS, OFFICES, FACTORIES, EDUCATIONAL BUILDINGS & BUILDINGS TO WHICH THE PUBLIC ARE TO BE ADMITTED : ACCESS AND PROVISION FOR THE DISABLED PERSONS

- 1 The Local Planning Authority is required to bring to your attention the requirements of the Disabled Persons 1981, Building Regulations 1991 "Access and facilities for Disabled People" document M and the Chronically Sick & Disabled Act 1970 (as amended 1976) (Sections 4.7.8 and 8A) requiring the provision of access facilities, car parking and toilets for the disabled and the provision of signing indicating what provision has been made for disabled persons within the building. Your attention is also drawn to the Code of Practice B.S 5619 "Design of Housing for the convenience of Disabled People", 1978 and Code of Practice, B.S. 5810 : 1979, "Access for the Disabled to buildings" available from the British Standards Institution, 2 Park Street, London W1A 2BS. (Tel 071-629-9000) and (in so far as educational buildings are concerned), to Design Note 18 "Access for the Physically Disabled to Educational Buildings."
- 2 The buildings to which these requirements apply are :-
 - a) Buildings to which the public are to be admitted to which Section 4 of the Chronically Sick & Disabled Act 1970 (as amended 1976) applies.
 - b) Offices, Shops & Railway Premises as defined in the Offices, Shops & Railway Premises Act 1963 or premises deemed to fall within the Act.
 - c) Factories as defined by Section 175 of the Factories Act 1961.
Educational Buildings as defined by Section 29B of the Disabled Persons Act 1981.

Hinckley & Bosworth
Borough Council

Start Notice

Important Information – Please keep this with your decision notice

Please read the above decision notice carefully and ensure that you understand and comply with the requirements of any planning conditions imposed.

If you require any further information about why a particular planning condition has been imposed or in respect of what information is needed to discharge your condition please contact the case officer who will be happy to advise of the requirements and information required.

We carry out a programme of site monitoring to check compliance with conditions in order to proactively manage the development and to ensure development is carried out in accordance with the planning permission granted.

Please ensure that any application for the discharge of pre-commencement conditions are carried out in a timely manner as this may take up to 8 weeks depending on the requirements of the condition. Please also be aware there is a charge to discharge conditions per request which means you can discharge conditions individually or group details together as a single request to discharge multiple planning conditions. The fee for discharging these pre-commencement conditions, can be found on the [planning portal](#).

We would be grateful if you could email the development address and application reference number with your contact details and the intended start date by email to planning@hinckley-bosworth.gov.uk or complete the form on the reverse.
