Hi

Please can this be added to my application online as I have noted an email response regarding noise pollution. Dog owners will agree to these T&C's at time of booking.

Thank you

Dog Park User Agreement

Noise Policy & Dog Behaviour Guidelines

To maintain a peaceful environment for all visitors and respect the nearby lodges and neighbours, we require all dog park users to adhere to the following noise control policies:

1. **Excessive Barking is Not Allowed** – Owners must ensure their dogs do not bark excessively. Persistent barking may result in being asked to leave.
2. **Noise-Sensitive Dogs** – If a dog is known to be excessively vocal or reactive, they may not be permitted to use the park.
3. **Training & Control** – Owners should use positive reinforcement and training techniques to manage their dog's barking. If necessary, dogs should be kept on a leash to prevent excessive noise.
4. **Respect for Quiet Hours** – Users should be mindful of early morning and late evening hours when noise can be more disruptive to nearby lodges.
5. **Complaints & Enforcement** – Park management reserves the right to ask any owner with a noisy dog to leave. Repeated violations may result in restricted access to the park.

By entering the dog park, you agree to these terms and acknowledge that failure to comply may result in removal from the premises.

Thank you for your cooperation in keeping the park a peaceful place for everyone!
