Comments Details

Comments:	I have viewed the plans to consider the implications for the recycling and refuse collections, please note, the collection point for domestic refuse and recycling waste is from the adopted highway boundary.
	We cannot travel along or collect from the shared driveway, therefore it would be advisable to include an area next to the highway for safe placement of the various containers on collection day, up to two bins per property.
	It will be the responsibility of the occupiers to ensure that all containers/wheeled bins will be brought to the collection point and returned to private properties after collections have taken place.

Kind regards
