Notes:

This plan has been surveyed to the scale shown.
Caution should be exercised when enlargements are made.

All critical dimensions should be confirmed on site prior to the commencement of any works.

All dimensions have been measured or estimated from ground level.

Tree species shown should be treated with caution and expert identification is advised.

Pipe sizes are estimated from a surface inspection only.
Due to Health and Safety requirements.

Every effort is made to identify all visible above ground features, however it should be borne in mind that there may be items obscured at the time of the survey.
