Mr David Strutt,
7, Pike Close,
Burbage,
Leicestershire,
LE10 2NU.

Dear Mr Strutt,

RE: Application No 08/00944/TPO – Works to Trees and Hedges

Thank you for your letter regarding your consent to carry out works to the trees and hedges that are adjacent to your property.

With regards to the cherry trees we will need a new application as the work that you require falls outside the scope of your consent. You can apply online or download forms from the planning portal. Please include a plan showing the position of the cherry trees and details of the work to be carried out.

With regards to the removal of the ivy from the trees this does not require consent.

If you require any further information, please contact Denise Bigley on the above direct dial number.

Yours faithfully

L. M°Mahon
