Householder Planning Application:

**Greenleaves, Pinwall Lane, Atherstone,
CV9 3PE**

Dear Sir / Madam,

The following points are part of the above application & it is requested they be considered:

Relevant Policies

National Planning Policy Framework:

- 2. Achieving sustainable development
- 5. Delivering a sufficient supply of homes
- 6. Building a strong, competitive economy
- 8. Promoting healthy and safe communities
- 9. Promoting sustainable transport
- 11. Making effective use of land
- 12. Achieving well-designed places
- 14. Meeting the challenge of climate change, flooding, and coastal change

Local:

Good Design Guide

- Part 5: Key aim, Garden proportions
- Part 5: Extensions

Planning History

As available on the Council's Online Planning Register:

Retrospective approval for construction of a green house, gazebo, raised beds and a pond
Ref. No: 24/00955/HOU
Validated: Tue 12 Nov 2024
Status: Permitted

Lawful Development Certificate for the existing use of agricultural land as garden
Ref. No: 24/00684/CLE
Validated: Fri 12 Jul 2024
Status: Permitted

EXTENSION AND ALTERATION TO DWELLING AND REPOSITION OF ACCESS DRIVEWAY
Ref. No: 08/00209/FUL
Validated: Tue 04 Mar 2008
Status: Permitted

Summary

1). Visual Impact & Screening of the site

The proposed changes are to the Rear & Side of the property. The proposals will not be visible from the public road, please see accompanying drawing 0330 (A) GA 003 - Site Plan. The proposal will be constructed from rendered block walls with insulated cavities. The existing site has a reasonably flat level, as shown on drawing 0330 (A) GA 001 - Location Plan, it is not expected that the levels of the site will need to change to allow construction. Additional doors & windows on elevations are described here:

North elevation:	1 New glazed window.
East elevation:	N/A
South elevation:	2 New glazed window. 1 New glazed door.
West elevation:	3 New glazed window. 2 New glazed door.

There are currently windows & doors on these elevations, so neighbouring properties privacy will not be affected.

2). Surface Water Drainage

The proposals will feed into the existing surface water drains.

3). Highways considerations

The proposals will not dramatically affect the affect the volume of traffic on the adjacent roads infrastructure.

4). Sustainability

The materials chosen for the construction are to be energy efficient using insulation to new walls & utilising high efficiency double glazed doors & windows, so as to have as low an environmental impact as possible.

5). Amenity

The proposal is to allow for the existing property to be extended allowing a reasonable amount of living & amenity space for the applicant & his family.

Conclusion

As the overall design adheres to the above national & local planning policies, the proposal appears to be acceptable in principle.

I trust this planning letter & the submitted drawings will furnish the required information. However should you need any further information, please feel free to get in touch.

Yours faithfully,

Barnaby Robinson
