

The drawing has been produced for Planning Perspectives. The standards are taken from information provided by Ordnance Survey in relation to local dimensional survey information. A change to local dimensional survey information, although it is not a contractual matter, may result in a change to the drawing.

All setting out dimensions to be indicated on the plan to the commencement of the development.

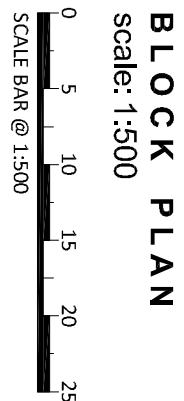

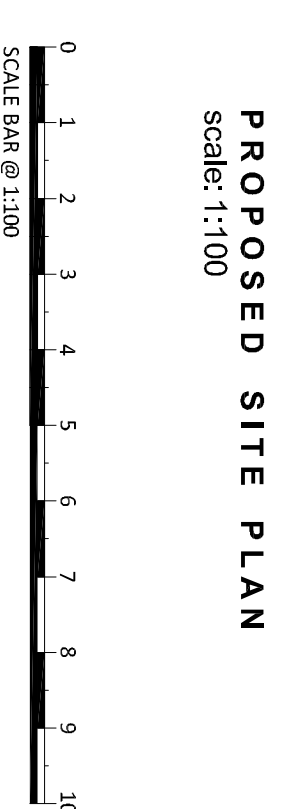

All dimensions are in millimetres and levels in metres unless specified otherwise.

For construction purposes, solid dimensions cannot be relied upon, actual dimensions to be taken prior to the commencement of any activities.

All workmanship & materials to be to current British Standards.

All services to be located & protected as necessary by the contractor prior to commencement of work.

It is acknowledged that the drawing is based on aerial survey data, and that the drawing is not intended to be relied upon and is repeated to the drawing.
