Dear Planning Case Officer,

Thank you for the further consultation on the above planning application. I note that the submitted details are updates to materials, landscaping and in relation to the comments made by the Local Highway Authority.

Active Travel England have made two sets of comments on this full application, on 07.07.23 and most recently on 07.12.23. We raised issues related to creating and exploiting a permeable layout for active travel, connections from the site over the A47 and finally concerns and finally regarding the unambitious travel plan. We find no specific details in this latest consultation to address the concerns we raised and therefore refer the decision maker back to our earlier correspondence.

Sincerely,

**Active Travel
England**
