Subject: Re: Consultation on 24/00632/FUL - Installation of an underground grid connection cable within the highway verge to connect Enderby Substation (Cross Boundary with Blaby District Council)

Dear Mrs Ashton

Planning Application 24/00632/FUL - Installation of an underground grid connection cable within the highway verge to connect Enderby Substation (Cross Boundary with Blaby District Council) Highway Verge Hinckley Road/Desford Road, Enderby LE19 4AD

Thank you for your consultation letter dated 28th June 2024 in respect of the above planning application submitted to Hinckley and Bosworth Borough Council. For information we have received a corresponding application for the proposed cable installation for the parts of the route within Blaby District and an application fee of £3,802.50 (150% of the fee payable due to the cross boundary nature of the application, with the majority of the site being located within Blaby District). The planning application reference is 24/0575/FUL and Hinckley and Bosworth Borough Council will be consulted in due course as a neighbouring authority to the site.

Blaby District Council has no comments to make on application 24/0632/FUL itself but would value liaison with Hinckley and Bosworth Borough Council on the processing of the applications given the development proposals straddle both authority areas.

Kind regards

Helen
