

Proposed Agricultural Permitted Development - Assessment

Application Ref: 24/00679/AGDO

Permitted development

The carrying out on agricultural land comprised in an agricultural unit of 5 hectares or more in area of:

- (a) works for the erection, extension or alteration of a building; or**
(b) any excavation or engineering operations,

which are reasonably necessary for the purposes of agriculture within that unit.

Officer Statement on Class A eligibility and agricultural justification:

This is an application for proposed extension to an existing agricultural building on site. The agricultural unit comprises of an area of 32 hectares and has operated for agricultural purposes for a period of 100 years.

The proposed building would measure approximately 22.86 meters in length, 10.66 meters in breadth, with an eaves height of 2.69 meters and a ridge height of 3.29 meters. Materials comprise of treated timber space boarding with grey fibre cement roofing.

The proposal is situated to the North of Wykin Lane, and is located within the Countryside. The site is accessed from Wykin Lane, and the site also benefits from a wider agricultural access on Stoke Lane. The site is agricultural in nature with other various buildings on site serving this purpose, alongside the host dwelling. The site is well screen from Wykin Road by the existing dwelling and mature hedgerow. The development would be visible from Stoke Lane but would not be out of character with the existing agricultural buildings on site, and is set back enough that it would not cause significant visual detriment. The proposed building is an extension of the existing unit which is used for storage.

Development is not permitted by Class A if:

(tick if triggered)

✓

(a)	The development would be carried out on a separate parcel of land forming part of the unit which is less than 1 hectare in area	
Comment:	The development will not be carried out on a separate parcel of land of more than 1 hectare.	
(b)	It would consist of the erection or extension of any agricultural building on an established agricultural unit (as defined in paragraph X of Part 3 of this Schedule) where development under Class Q or S of Part 3 (changes of use) of this Schedule has been carried out within a period of 10 years ending with the date on which development under Class A(a) begins;	
Comment:	No such development under Class Q or S has been carried out.	
(c)	It would consist of, or include the erection, extension or alteration of a dwelling	
Comment:	The development does not consist of or include the erection of, or extensions or alterations to a dwelling house.	
(d)	It would involve the provision of a building, structure or works not designed for agricultural purposes	
Comment:	The proposed development is designed for the purposes of agriculture, extending the existing agricultural storage unit.	
(e)	The ground area which would be covered by:- - any works or structure (other than a fence) for accommodating livestock or any plant or machinery arising from engineering operations would exceed 1,000 square metres; or - any building erected or extended or altered by virtue of Class A, would exceed	

	1000 square metres, calculated as described in paragraph D.1(2)(a)	
Comment:	The application is not for a building which would exceed 1000 square metres and would not accommodate livestock	
(f)	The height of any part of any building, structure or works within 3 kilometers of the perimeter of an aerodrome would exceed 3 metres	
Comment:	The proposed development is not within 3 kilometres of an aerodrome.	
(g)	The height of any part of any building, structure or works not within 3 kilometers of the perimeter of an aerodrome would exceed 12 metres	
Comment:	No part of the development would exceed 12 metres in height.	
(h)	Any part of the development would be within 25 metres of a metalled part of a trunk road or classified road	
Comment:	The proposed development is not located within 25 metres of a metalled part of a trunk road or classified road.	
(i)	It would consist of, or include, the erection or construction of, or the carrying out of any works to, a building, structure or an excavation used or to be used for the accommodation of livestock or for the storage of slurry or sewage sludge where the building, structure or excavation is, or would be, within 400 metres of the curtilage of a protected building;	
Comment:	The proposal is not for a building which would be used for the accommodation of livestock or for the storage of slurry or sewage sludge.	
(j)	It would involve excavations or engineering operations on or over article 2(4) land which are connected with fish farming;	
Comment:	The proposed development does not involve excavations or engineering operations on or over article 2(4) land which are connected with fish farming.	
(k)	any building for storing fuel for or waste from a biomass boiler or an anaerobic digestion system- i) would be used for storing waste not produced by that boiler or system or for storing fuel not produced on land within the unit; or ii) is or would be within 400 metres of the curtilage of a protected building.	
Comment:	The proposal does not relate to any development which will be used for storing fuel or waste from a biomass boiler or an anaerobic digestion system	
(l)	the erection or extension of a building would be carried out on land or a building that is, or is within the curtilage of, a scheduled monument.	
Comment:	The land/building is not, or within the curtilage of, a scheduled monument.	
	Has another agricultural building been constructed within the last two years? <i>(The guidance that accompanies Part 6 indicates that the calculation of the ground area should include other buildings constructed within the preceding two years. In considering the other building constructed, the development still falls within the 1000 square metre threshold).</i>	
Comment:	No other agricultural building has been constructed within the last two years.	

The proposal does meet the criteria of Schedule 2, Part 6, Class A.

As the application relates to an extension of a building the LPA must decide whether prior-approval is needed as to the siting, design and external appearance of the building. The proposed extension is considered acceptable and justified within the site. The extension is appropriately sited and designed in relation to the existing buildings on the site and therefore prior approval is granted.

Equality Implications

Section 149 of the Equalities Act 2010 created the public sector equality duty. Section 149 states:-

- (1) A public authority must, in the exercise of its functions, have due regard to the need to:
- eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under this Act;
 - advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it;
 - foster good relations between persons who share a relevant protected characteristic and persons

who do not share it.

Officers have taken this into account and given due regard to this statutory duty, and the matters specified in Section 149 of the Equalities Act 2010 in the determination of this application.

There are no known equality implications arising directly from this development.
