Comments Details

My previous comments for 23/01064/FUL stand:

When planning permission was granted for Convent Drive, extensive work was undertaken regarding noise impact from the adjacent farm. On construction, the row of houses adjacent to the farm were fitted with mechanical ventilation in bedrooms to allow ventilation with windows closed during periods of noise from the farm.

I recommend the following;

A scheme of mechanical ventilation to be installed in each bedroom shall be submitted to and approved in writing by the LPA. The agreed scheme shall be fitted prior to first occupation.

The above can either be submitted prior to decision or as part of a condition.

Kind regards
