Comments

Submission Type:
Customer wishes to comment on the Planning Application.

Comments:
Comments made in respect of recycling and refuse collections.

Note the driveway is to be shared between the two properties. Developer needs to be aware of the collection services, number of containers and quantity of containers each property will be putting at the boundary to the public footpath on collection days. Perhaps a wider area at the entrance (adjacent Main Street) to provide room for containers etc and to also allow vehicles to access both properties.
Guidelines are available from the planning officers, the website or by contacting me direct. The developer is welcome to contact me to ask any questions.
