For the attention of James Hicks

Many thanks for your letter of the 12th November giving Network Rail the opportunity to comment on the above planning application.

Despite numerous attempts I can't access the site to view the documents. The Network Rail server blocks us downloading certain information from external sites and unfortunately yours seems to be one of them.

All I really need is a location plan, site or master plan, copy of the application and if possible the D&A Statement.

I'd be really grateful if these could be emailed to me.

Many thanks

Margaret
