ECOLOGICAL DOCUMENTS REVIEWED:		
- Existing plans – Dwg No. 1413-01 (Oct 2025) - Proposed Plans – Dwg No. 1413-02 Rev A (Nov 2025) - Application Form		
SUMMARY RECOMMENDATION:		
No comment		
No objection (for recommended conditions or informatives- see below)		✓
Recommend Refusal		
Holding Objection - Further information required		
REASON FOR RECOMMENDATION:		
- The proposed works consist of a single storey rear extension to replace the existing extension. - The proposed extension is to be sited on what appears to be entirely hard standing. Therefore, the proposed changes are likely to have minimal impact on ecology and no ecological surveys are required. We have no objection. - The site falls within a Swift Alert area. However, the proposed development does not allow opportunities for swift boxes to be incorporated into the development.
