

STREET SCENE 6: ROGUE'S LANE EDGE

Street level view of the proposed area of open space at the northern edge of Parcel A.

VIEW LOCATING PLAN

STREET SCENE 7: ROGUE'S LANE EDGE

View showing the outward-facing development edge created by the proposed new homes to the area of public open space that includes children's play, walking routes, natural and semi-natural areas of green space and features of the surface water attenuation strategy.

VIEW LOCATING PLAN

STREET SCENE 8: CENTRAL GREEN

VIEW LOCATING PLAN

Occurring at the intersection of a retained field boundary hedgerow corridor and the Primary Street, Central Green acts as an area of “green relief” within the development area that will act as a legible feature of the movement framework and contribute to the character of the place.

STREET SCENE 9: CENTRAL GREEN

An existing mature tree associated with the hedgerow is a mature landscape element within the space which also accommodates an equipped children's play area and is enclosed by taller buildings with active frontages that provide natural surveillance.

VIEW LOCATING PLAN

STREET SCENE 10: GREEN CORRIDOR

View showing the green corridor defined along the route of an existing (retained) field boundary hedgerow that leads from the northern boundary of Parcel A to the proposed Hinckley Road roundabout.

VIEW LOCATING PLAN

STREET SCENE 11: GREEN CORRIDOR

An outward-facing edge is defined along the eastern boundary of Parcel A, overlooking the proposed footpath route.

VIEW LOCATING PLAN

STREET SCENE 12: NORTHERN WOODLAND

View of the outward-facing frontage to the northern woodland, showing a footpath that forms part of a wider walking network.

VIEW LOCATING PLAN

STREET SCENE 13: NORMANDY WAY

View of Parcel B from Normandy Way, looking east.

STREET SCENE 14: NORMANDY WAY

View of the area of open space in Parcel B adjacent to Normandy Way, with the proposed access on the right and the attenuation basin in the foreground.

STREET SCENE 15: NORMANDY WAY

View along Secondary Street within Parcel B.
