Is the proposed development reasonably necessary for the purposes of agriculture?

- ☒ Yes

If yes, please explain why

It is necessary to store bailed straw from the adjacent fields following harvest, in a weather proof building that is secure from intruders. Arson attacks on stacked straw in the open is a risk, as there are rights of way through the farm.

Having some separation from the existing farm buildings will help to mitigate the risk of fire. We would also like to use the building to store expensive agricultural equipment during the winter months, after the straw is moved out.

Is the proposed development designed for the purposes of agriculture?

- ☒ Yes
- ☐ No

If yes, please explain why
