PLANNING APPLICATION 97/00216/0THCOM
PLANNING PERMISSION 03/00785/FUL

Dear Sir/Madam,

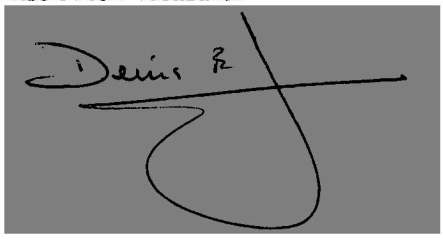

On our amended planning concent, because of the cost factor the external walls to the new 10mtr indoor range are blockwork painted terracotta. The builder who will be carrying out the work has sourced standard bricks which are a very close match to the existing building. We consider these bricks would be a better alterative as the extension is on the front elevation of the existing building.

Can we ask for permission to use a close matching brick instead of the blockwork or will he have to make a formal revised planning application.

If you should wish for any further information or wish for a site visit please do not hesitate to contact me.

I look forward to receiving your reply
