Comments Details

Commenter Type:	Other
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	The Market Bosworth Society recognises that the proposed alterations are in keeping with the existing external décor and signage and wish to raise no objections. We do however have some issue with this application: 1) We are Consultees for applications within the Market Bosworth Conservation Area, We have not been invited to respond as consultees. The item is not in our inbox. 2) The property was converted to residential use via 23/00607/FUL although this application does not appear in the document history. Having been transferred to residential there should surely be an application for the property to be used commercially.

Kind regards
