Hello,

This is a consultation response to application 24/00868/ROW. When this sort of thing comes in, can it please be uploaded to enterprise like any other consultation response. I might have a few more emails for this file that haven't been uploaded so I will send them back through now - please upload this one and them all to the file.

Kind regards,

Ed Stacey MRTPI

Dear Jane,

I am writing in response to your general enquiry, received 4 December 2025 regarding this footpath consultation - apologies for our delay in response.

We have consulted our Estates and Sustainable Places Teams and they have confirmed that according to our records, the Environment Agency has no land ownership / interests at the location of the current footpath connecting Brascote Lane to Arnolds Crescent.

Unfortunately, we have not been able to find a map showing the route of the proposed diversion so we are unable to comment on this fully.

If you want to send any further information or have any follow up questions for our team, please do get in touch.

Yours sincerely,

Ellie Weston
