Part I - Particulars of Application

Date of Application

23 May 2024

Application No.

24/00540/FUL

Particulars and location of development:

Proposed conversion of outbuilding to a single dwellinghouse with associated works

The Limes Wood Road Nailstone Nuneaton Leicestershire

Part II - Particulars of decision

In dealing with the application, through ongoing dialogue and the proper consideration of the proposal in accordance with Section 38(6) of the Planning and Compulsory Purchase Act 2004, the local planning authority have attempted to work with the applicant in a positive and proactive manner by offering a pre-application advice service and by seeking solutions to problems arising in relation to dealing with the planning application as required by the National Planning Policy Framework (paragraph 38) and in accordance with the Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended). However, in this instance, it has not been possible to overcome the concerns raised and the proposal remains in conflict with the provisions of the Development Plan and therefore the application has been refused.

In pursuance of its powers under the Town and Country Planning Act 1990, the Hinckley and Bosworth Borough Council refuses to permit the carrying out of the development referred to in Part I hereof for the following reason(s):-

1. The Applicant has failed to demonstrate that the development will not result in any adverse impacts to protected species or habitats, nor that it can provide 10% biodiversity net gain within the site. Without this information, the development has the potential to result in significant harm to protected species and their habitats and is unable to comply with the mandatory requirements of Schedule 7A of the Town and Country Planning Act 1990 (as inserted by Schedule 14 of the Environment Act 2021). The benefits of the development of one dwelling do not significantly and demonstrably outweigh this harm. Consequently, the proposal is contrary to, and in conflict with, Policy DM6 of the adopted Site Allocations Development Management Policies Development Plan Document (2016).
2. The development represents unjustified development in an area of poor transport sustainability and fails to promote sustainable transport, the best use of public transport, nor provide any safe walking and cycling access to services and facilities. Therefore, the future occupants of the scheme are highly likely to be dependent on private motorised transport to meet their day-to-day needs. Consequently, the proposal is in an unsustainable location for residential development and results in significant environmental harm due to the future occupants of the development's dependence on private

motorised transport. The benefits of the development of one dwelling do not significantly and demonstrably outweigh this harm. As a result, the proposal is contrary to, and in conflict with, Policies DM4 and DM17 of the adopted Site Allocations Development Management Policies Development Plan Document (2016), as well as Paragraph 8 and Sections 9, 12 and 15 of the National Planning Policy Framework (December 2023).

3. By virtue of its location, layout, design, size, and scale the proposal results in a detrimental and irreversible urbanising and domesticating effect on the intrinsic value, beauty, open character of the countryside, the National Forest, and the surrounding area. Ultimately, the benefits of the development of one dwelling do not significantly and demonstrably outweigh this harm. Therefore, the proposal is contrary to, and in conflict with, Sections 12 and 15 of the National Planning Policy Framework (December 2023), Policies DM4 and DM10 of the adopted Site Allocations and Development Management Policies Development Plan Document (2016), Policy 21 of the adopted Core Strategy (2009), and the Good Design Guide (2020).
4. The development does not provide a high level of amenity and results in significant harm to the residential amenity of the future occupiers of the scheme as a result of insufficient total floor space and bedroom floor space for the proposed dwelling. The benefits of the development of one dwelling do not significantly and demonstrably outweigh this harm. Therefore, the proposal is contrary to, and in conflict with, Paragraph 135 of the National Planning Policy Framework (December 2023), Policy DM10 of the adopted Site Allocations and Development Management Policies Development Plan Document (2016), and the Good Design Guide (2020).

NOTES

1. It will be most helpful if the application number shown overleaf is quoted on all correspondence.
2. If you consider that this decision has been made invalidly through the Council failing to follow a procedure correctly, not having the legal power to make the decision in the way it did or through its decision being so unreasonable as no reasonable local authority would make the same decision based on the same facts, then you may enter a claim for judicial review to quash the decision. In order to proceed with a claim for judicial review an initial application for permission will need to be made to the Administrative Court, this application is required to be made "promptly and in any event within three months of the decision". The initial permission application will decide if you have an arguable case, whether you are sufficiently materially affected by the decision to bring the claim. If you are granted permission to bring the claim it will proceed to a full hearing at the Administrative Court. Although there is no requirement for you to do so it is highly recommended that you seek independent legal advice before bringing forward a claim for Judicial Review
3. If you are aggrieved by the decision of the Local Planning Authority to refuse permission you may appeal to the Planning Inspectorate in accordance with Section 78 of the Town and Country Planning Act 1990 within six months of the date of this notice. If your appeal is against a Minor Commercial Development, we would advise you to view the guidance on the Planning Portal website under Procedure Guidance, to confirm the time frame for appealing. (Appeals must be made on a form which is obtainable from the Planning Inspectorate, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN, tel. 0303 444 5000 or online at <https://www.gov.uk/appeal-planning-decision>). You must use a Planning Appeal Form when making your appeal. If requesting forms from the Planning Inspectorate, please state the appeal form you require. The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the Local Planning Authority, (or could not have been so granted otherwise than subject to the conditions imposed by them,) having regard to the statutory requirements as set out in Section 78 of the Town and Country Planning Act 1990, to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the Local Planning Authority was based on a direction given by him. Appeals- new time rules. Appeals relating to applications made to the Local Planning Authority on, or after, 14 October 2004 must be made within six months of the date of this notice. If you intend to submit an appeal that you would like examined by inquiry then you must notify your Local Planning Authority (planning@hinckley-bosworth.gov.uk) and the Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. Further details can be found on GOV.UK.
4. If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application then, you must do so in accordance with the guidance found using the following link <https://www.gov.uk/appeal-enforcement-notice/>.
5. If permission to develop land is refused whether by the Local Planning Authority or by the Secretary of State for the Environment and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council a purchase notice requiring that Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
6. In certain circumstances, a claim may be made against the Local Planning Authority for compensation, where permission is refused. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.
