Comments:
I am conserned about the 'Heavy Flowerig Tree' which is going to be planted directely out side my place of business. After some time as the tree grows and flowers, the amount of natural light entering my shop will be efected. Also as my shop is already set back from the road, the tree will block my shop being viewed from the road.
I feel that the architect / developer should have consulted the shopkeepers for our views or any input we could give as this is our place of work ,we would have a better idea as what is needed to improve the area. I must also add better lighting is a

must.
