Comments Details

Dear Sullivan,

24/00432/FUL | Construction of barn for agricultural use | Little Mulberry Upton Lane Stoke Golding

Thank you for your consultation on the above planning application.

Comments:

Aerial photography indicates that the application area has undergone recent ground disturbance. We also note in the submitted Planning Statement that the 'proposed structure will be placed on an existing hardstanding area'. Any archaeological remains that are present are likely to have undergone some degree of truncation as a result. We would therefore advise that the application warrants no further archaeological action (NPPF Section 16, para. 194-195).

Please do feel free to get in touch if you have any further queries.

Kind Regards,

William

Kind regards
