Dear Sir,

PROPOSED VODAFONE BASE STATION INSTALLATION AT RUGBY ROAD, BURBAGE, HINCKLEY, LE10 2NP

This application is submitted under Part 24 of Schedule 2 to the Town And Country Planning (General Permitted Development) Order 1995, as amended by the Town And Country Planning (General Permitted Development) (Amendment) (England) Order 2001 and in accordance with the electronic communications code under the Telecommunications Act 1984 Schedule 2 as amended by the Communications Act 2003.

This is an application for a determination as to whether the prior approval of the Authority will be required to the siting and appearance of the development. This application comprises:

- a 10m street pole supporting 3 antennas in a GRP shroud, giving a total height of 12.4m AGL with a single equipment cabinet and associated works.
- At - Rugby Road, Burbage, Hinckley, LE10 2NB NGR E442710 N292680 – defined within the plan indicating its location numbered 35755/E/001
- Prescribed fee (Cheque made payable to Hinckley & Bosworth Council)
- Copy of Developer's Notice
- Confirmation as to whether the developer has had to notify the CAA or MOD or aerodrome operator which clarifies whether the proposal lies within 3km of an aerodrome.

For your further assistance, we enclose additional information:-

- 1APP Prior approval form
- Supplemental drawings - Ref. No's: 35755/E/001-004 inclusive
- Site Specific Supplementary Information (including copies of pre-consultation and coverage plots as appropriate)
- General Background Information for Telecommunications Development
- Health and Mobile Phone Base Stations document
- ICNIRP declaration and clarification statement

Patrick Farfan
ASSOCIATES LIMITED

As you will be aware, the telecommunications industry has pledged in the Code of Best Practice for Mobile Phone Network Development (November 2002) to improved consultation with Local Planning Authorities and the public in relation to network development and the siting of radio base stations. This application has been prepared in accordance with those commitments.

On an annual basis Vodafone circulates its network plans of our existing and proposed sites to all Local Planning Authorities (marked for the attention of the Chief Planning Officer) in order that you can maintain your mast register and ensure that the public has access to this information. We also offer to arrange a presentation or meeting with your officer's and members to discuss the issues if appropriate.

Following that early consultation, we have reviewed our network development proposals in this area and have evaluated suitable site shares, existing structures and buildings as well as your development plan. The above site that is the subject of this application is identified as the most suitable option that balances operational need with local planning policies and national planning policy guidance.

Furthermore Vodafone would like to assist the Local Planning Authority and would like to offer to arrange a presentation or meeting with your officer's and members to discuss the issues if appropriate.

We are committed to improving our relationship with all Local Planning Authorities and we would be happy to provide any additional information in relation to this application or in general.

We look forward to receiving your acknowledgement and decision in due course.

Kind Regards

George Oliver
Planning & Environmental Consultant
