Our grandson, Tommy Chislett-Smith is 8 years old, he is very high on the Autistic spectrum. As such he is Non-verbal and has sensory processing disorder. This gives him very high anxiety which has developed into Stiff Gate and Constant Eloping. Due to his condition Tommy is no ordinary 8 year old physically, his size now equals a man at 14 stone. His daily challenges not only effect him but affect the whole immediate family as you can appreciate. Tommy has very quickly out grown the facilities within the family home.

It is our intention to maintain the land and make it safe so we can introduce Tommy to this small haven. This in part is to develop Tommy socially and mentally as well as providing the family a break from their home.

It is our intention to place a temporary structure on the land, under the caravan act to provide a welfare facility whilst on the land. It is our initial intention to use the land up to twice a week to introduce Tommy gradually. It is our intention to interact with him whilst maintaining the land. It is our intention and hope that this will have a positive development on Tommy's education, behaviour and communication skills.

Why do you consider that a Lawful Development Certificate should be granted for this proposal?
