Drawing No: PG/054/001 Rev A

DO NOT SCALE

DIMENSIONS IN METRES UNLESS INDICATED

No	Note	Date
1.	This drawing is to support the planning application and is not to be used for any other purpose.	July 08
2.	The control facility will be of a 'Portakabin' type structure with an approximate floor area of 60 m ². 10 car parking spaces will be available in the immediate vicinity of the facility with one being for disabled parking, a bicycle shelter will also be provided.	
3.	The 15 m cellular telecommunications mast has been designed to be a single cell GSM transmitter with a range of approx 5 miles. It is envisaged that this will be a freestanding lattice type structure. It is proposed that it will be located near the existing HAVOC site.
