Description of Proposed Works

Please describe the proposals to alter, extend or demolish the listed building(s)

The application seeks Listed Building Consent for the replacement of eleven existing non-original stormproof timber casement windows and one front entrance door at The Farmhouse, Main Street, Thornton.

The existing windows and door are later modern insertions of limited heritage significance and are in poor condition, with failed glazing units, deteriorated timber elements, and non-traditional stormproof detailing that is not in keeping with the age and character of the listed building.

The proposed replacement joinery will consist of traditionally detailed flush casement timber windows and a new timber front entrance door, manufactured in Red Grandis hardwood and finished in Farrow & Ball “Drop Cloth” No.283. The windows will incorporate slim-profile 8.3mm vacuum glazing, refined 22mm glazing bars, traditional lamb’s tongue mouldings, and putty-line style detailing to replicate traditional historic appearance.

All replacement windows and the new door will be installed within the existing structural openings with no alteration to the size, form, or position of the apertures. The works are limited to the front elevation and two windows on the side elevation within the oldest part of the building.

The proposals are intended to enhance the appearance of the listed building by replacing inappropriate later joinery with traditionally proportioned heritage joinery more in keeping with the architectural and historic character of the property.

Has the development or work already been started without consent?

- ☐ Yes
- ☒ No
