Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Biodiversity and Geological Conservation

Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.

a) Protected and priority species

☐ Yes, on the development site

☐ Yes, on land adjacent to or near the proposed development

☒ No

b) Designated sites, important habitats or other biodiversity features

☐ Yes, on the development site

☐ Yes, on land adjacent to or near the proposed development

☒ No

c) Features of geological conservation importance

☐ Yes, on the development site

☐ Yes, on land adjacent to or near the proposed development

☒ No

Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development.

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in [Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 \(as amended\)](#)) would apply?

☐ Yes

☒ No

Biodiversity net gain has been introduced as a general condition for planning permission. As set out in [The Environment Act 2021](#): "grants of planning permission in England [are] to be subject to a condition to secure that the biodiversity gain objective is met". Therefore, in England, all planning permissions are generally subject to biodiversity gain rules, unless they are specifically exempt or out of scope.

If you have stated that the biodiversity net gain requirement does not apply to your application you must provide the reason(s) why, and may also need to supply evidence (especially where you believe the application is eligible for the 'de minimis' exemption).

Please add all the reasons why biodiversity net gain does not apply and enter a justification for each one

Reason biodiversity net gain does not apply:

Development subject to the de minimis exemption (development below the threshold)

What best describes the size of your site?:

Over 25 square metres

Please justify the reason why biodiversity net gain does not apply:

The building is already in existence and the associated car park and access are already concrete surfaces therefore no existing habitat is impacted by the proposed change of use

Note: Please read the help text for further information why developments may be exempt or not in scope.

Foul Sewage

Please state how foul sewage is to be disposed of:

- ☐ Mains sewer
☐ Septic tank
☒ Package treatment plant
☐ Cess pit
☐ Other
☐ Unknown

Are you proposing to connect to the existing drainage system?

- ☒ Yes
☐ No
☐ Unknown

If Yes, please include the details of the existing system on the application drawings and state the plan(s)/drawing(s) references

There is in existence a private treatment plant on the site which is capable of handling the foul drainage anticipated

Waste Storage and Collection

Do the plans incorporate areas to store and aid the collection of waste?

- ☒ Yes
☐ No

If Yes, please provide details:

The minimal generation of domestic type waste will be collected and stored within the building and disposed of via a commercial waste contract

Have arrangements been made for the separate storage and collection of recyclable waste?

- ☒ Yes
☐ No

If Yes, please provide details:

The small amount of recyclable waste generated will be collected in a separate waste stream from the non-recyclable waste and stored internally before disposal via a commercial waste contract

Trade Effluent

Does the proposal involve the need to dispose of trade effluents or trade waste?

- ☒ Yes
☐ No

If Yes, please describe the nature, volume and means of disposal of trade effluents or waste

All the waste produced at the proposed use will fall within the definition of trade waste and will be disposed of as described above. The quantities involved will be small, being refreshment wrappers and containers in the main, so an 1100 litre container will be provided for each of the 2 waste streams involved.

Residential/Dwelling Units

Does your proposal include the gain, loss or change of use of residential units?

- ☐ Yes
☒ No

All Types of Development: Non-Residential Floorspace

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
☒ No
