Subject: RE: Case 24/00599/FUL

Morning Tim – I see no reason for concern with the proposal as it is akin to a normal domestic use.

Giles – Please bring forward on your return next week should you have any concerns that I am not aware of.

Regards

Simon Smith

Hi Simon

Are you able to look at this in Giles absence please?

Let me know if you needed a formal re-consult

Many thanks

Tim

Subject: Case 24/00599/FUL

Good afternoon Giles,

I'm responding to the planning application for 35 Queens Road, Hinckley property. I have copied Tim Hartley from the planning office into the email as we are on a tight schedule and he will be prioritising this case for us due to a change in the case officer.

Further to your comments on the change of use application for 35 Queens Road, case number 24/00599/FUL

'I have some concerns relating to the potential noise impact particularly from the use of the washing machines.'

'Please can the applicant provide details of the equipment to be used and the location of that equipment showing any party walls. Please include noise data for the machines- this may be available from the manufacturer. Please provide details of the proposed soundproofing.'

Suited Formal Hire will have 1-2 household washing machines in the property located in the kitchen. We have one adjoining wall in the kitchen to the right side as you're facing the property. The water is located on the left hand side so the washing machines will be plumbed in either on the back wall or left hand side so they will not be backed on to any adjoining wall.

Sound proofing will only be necessary if louder machines were purchased but these machines have been agreed so no sound proofing needed at present.

I have attached the product details of the machines, Energy rating is A and rated 72DB sound which is classed as Silent. This will be non intrusive to the property and not at all to the neighbours.

SAMSUNG

48 kWh

Product Information Sheet

COMMISSION DELEGATED REGULATION (EU) 2019/2015
